

HIGHLIGHTS

- HIGH-RESOLUTION 6" PANEL
- LIFETIME MAP UPDATES
- MARCO POLO TRAVEL GUIDE
- 3D LANE ASSIST

DISPLAY 6" (15,24 cm) | EU20 | LMU | TMC | TTS

DEVICE

- Sharp: Extra large 6" (15,24 cm) panel with high-resolution display.
- Fancy: Brandnew design with high-quality soft touch finish and slim case.
- Fast: New 800 MHz processor for a rapid route calculation.
- Stress-free: Built-in HQ TMC® traffic information receiver for bypassing traffic jams conveniently.⁽¹⁾

SOFTWARE

- Latest map material of 20 European Countries preinstalled on 4 GB flash memory.
- Lifetime Map Updates: Free map updates for a lifetime.⁽²⁾
- Natural Text-to-Speech incl. announcements of TMC events on route and prominent landscape objects.⁽³⁾
- A breeze to navigate: Handling the satnav is as easy as never before, thanks to the large buttons and font. Clearly structured menus with precise captions make for a high ease of use and a simple navigation.
- Take advantage of the preinstalled MARCO POLO Travel Guide for hundreds of cities and POIs.
- The 3D Lane Assist shows the proper lane in a running animation. This way, the driver recognizes required lane changes in sufficient time.
- Always keep an eye on current traffic information with the dynamic route ticker.
- 3D Terrain: Display of landscapes, height profiles and characteristic landmarks in a real 3D view.
- Falk PC tool for convenient configuration of the device on the computer.
