

KENWOOD

KACM1804

KENWOOD

Amplificatore Classe D 4 canali 4 x 45 Watt RMS

Class D Amplifier

Full Range Digital Amplifier

CEA-2006 Compliant

Speaker level Input

Kenwood's easy installation compact KAC-M1804 booster amplifier is small in size so it can fit even the most limited installation areas. The built-in 400W digital amplifier will transform your vehicle's original sound system. Music will sound more dynamic and clearer with improved bass performance.
