SCB-NTG4.5

Model Name	SCB-NTG4.5
SDK Version	
MCU Version	
Manual Version	Rev. 1.1
Language	English

Main Specifications

Input Voltage	12~16V DC
Rated Current	2A
Rated Power	24W
Material	Housing aluminum
Connection	Wireless , USB
Control	Original car knob control, voice control
Working Temperature	-20 ~ 80 degree

Product Warranty

Thank you for purchasing our product.
We offer the warranty for 1 year from the date of purchase.
This product has been tested and have passed under our strict and qualified control. If the failure occurred due to the carelessness of workmanship within one year after the purchase, we are responsible to repair free of charge.

- **Free service** : Manufacturing defects, When naturally occurring failures within the warranty period.

* When the warranty period has elapsed, Failure the caused by customer's mistake, Failure thecaused by natural disasters.

Warranty : One years from the original date of purchase.(12 months)

For Siri function perfect performance, we use the Car original Mic, if you Audi car is no Mic, there will can not use the siri (Andriod Auto is "OK Google") function

The CarPlay and Android Auto sound source is pass by the Aux in sound path, but when you use the Android Auto for a call ,Please connect the Car BT first.

For safety consideration, before Install the Carplay active adapter, please make sure the Power can cable pin is same the original car cable, if not ,do not install.
